Re-inspection Criteria for Campground Establishments

A re-inspection and re-inspection fees will be required under the following conditions:

**Category 1 – Imminent Hazards**
Whenever an inspection or complaint investigation reveals the existence of a violation that is potentially hazardous to the health and safety of patrons or employees and the violation is not able to be corrected during the inspection or investigation. This requires the inspector to return to the establishment to verify that the violation has been corrected.

**Category 2 – Repeat Violations**
Repeat violations, even if they are corrected during the inspection process. Repeat violations that are documented over 3 consecutive routine or complaint inspections will result in a re-inspection and re-inspection fee.

**Category 3 – Excessive Violations**
Violations are of such an excessive nature that the potential exists for a hazard to occur. A re-inspection and re-inspection fee may result after consultation with an immediate supervisor or DATCP and the decision is made that additional intervention is needed by the inspector to bring the establishment into compliance.

The following violation(s) will result in a re-inspection and re-inspection fee under category 1, if the violation(s) is not immediately corrected during the inspection process.

1. Prior to the start of the season, or annually for a year-round campground, the operator has not tested the well water at a certified laboratory for bacteriological analysis. A campground served by more than one well did not submit a water sample for each well annually. The operator did not have the water tested within 20 days of the violation being noted on the inspection report.
2. The private onsite waste treatment system has failed.
   a. A re-inspection shall occur unless remediation has begun or the operator is currently working with the department of commerce to achieve compliance.
3. Plumbing fixtures such as sinks, toilet facilities, or public or private sewage system are not discharging into approved waste storage containers or systems.
4. The well water does not comply with the applicable water quality standards of ch. NR 809, and an alternative approved source of water has not been provided.
5. Presence of live insects of public health significance, rodents or other pests in the toilet, lodging, and garbage collection areas.
FAQ’S

What is the charge for re-inspection work?
The following is a list of re-inspection fees depending on the type of license you have.

<table>
<thead>
<tr>
<th>Re-inspection Fee</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Campground (1 – 25 sites)</td>
<td>$180</td>
</tr>
<tr>
<td>Campground (26 – 50 sites)</td>
<td>$263</td>
</tr>
<tr>
<td>Campground (51 – 99 sites)</td>
<td>$319</td>
</tr>
<tr>
<td>Campground (100 – 199 sites)</td>
<td>$375</td>
</tr>
<tr>
<td>Campground (200 + sites)</td>
<td>$435</td>
</tr>
</tbody>
</table>

If I’m required to have a re-inspection on multiple items with different correction dates, is there a charge each time the inspector returns?
No, the re-inspection fee covers all the initial correction dates listed on the routine inspection or complaint.

What happens if the inspector returns to re-inspect and the violations have not been corrected?
Uncorrected critical violations will result in a subsequent re-inspection being performed at an additional cost. If violations remain uncorrected after a second re-inspection, the facility may be closed, have their license revoked or suspended, or be referred for legal action.

Do I pay the inspector for the re-inspection and what happens if the re-inspection fee is not paid?
An invoice will be sent to you after completion of the re-inspection. If the re-inspection fee is not paid, your license will not be issued for the following licensing year. Additional fees may be assessed as well as your license being voided.

What happens if I can’t get the violations corrected by the compliance date?
If you run into problems and will not be able to correct the violation(s) before your re-inspection date, call your public health sanitarian as soon as possible, and request an extension. If an extension is granted a new re-inspection date will be given for compliance. Extensions are the exception rather than the rule, so make sure you have a valid reason for the request. Extensions will not be granted on the day the public health sanitarian arrives to do the re-inspection.

Is there a charge if I request a public health sanitarian to visit my facility?
Absolutely not, we encourage operators and public health sanitarians to work together to solve problems. We welcome and encourage operators to call if they have questions or problems.
