THE AMERICAN LEGION
INTERNAL AFFAIRS DIVISION

For assistance in completing this application, or for contact information, contact your department at www.legion.org/departments.

INDIVIDUAL MEMBER GRANTS: Individual NEF grants (on page two) may provide immediate emergency assistance to current members of The American Legion or Sons of The American Legion in areas devastated by a declared natural disaster, such as floods, tornadoes, hurricanes, earthquakes and related adverse weather events. Applicant must have been displaced because of damage to your primary residence or evacuated due to official government order, and had out-of-pocket expenses to provide for food, clothing and shelter. These grants are not designed to replace items covered by insurance or to cover losses from a business, structures such as barns and storage sheds, equipment, landscaping, or vehicles. Only one grant is available per household (capped at $3,000) for each disaster. Members should also apply for assistance from federal or state disaster relief programs found on www.disasterassistance.gov.

POST GRANTS (Page 3): Post NEF grant applications (on page three) are prepared by post officers and must derive from declared natural disasters causing damage to post buildings and restricting use of the facilities for programs. Applications must show that post will cease to perform existing and ongoing American Legion programs in the community due to damages sustained. A written report from a district or department officer outlining losses and the impact on community should be included with the application. The NEF is not a replacement for insurance. It is the responsibility of each post to have adequate business insurance to recoup lost revenue or inventory. Post grants are capped at $10,000.

REQUIRED APPLICATION INFORMATION: The application must be filled out completely and accurately to prevent delay in processing. Both the department and national headquarters must have sufficient, documented information to justify the grant. Attach all supporting documents such as photographs, copies of receipts, work estimate, and government agency statements. Grant requests must be submitted through the department and reach National Headquarters within 90 days of the date of the disaster. Receipts for food, fuel, clothing, shelter and other expenses dated more than 30 days after the disaster are not emergency related but may be considered with appropriate explanation and documentation. Mandatory evacuation orders to identified places of safety (such as school shelters or county/city storm shelters) are also not considered to be emergencies unless damage to home precludes safe return after the weather emergency.

DISTRIBUTION OF COPIES: Applicant will forward application and all supporting documentation to department headquarters for processing. Keep a copy of everything for your records. All grant requests must be reviewed and signed by the appropriate department officer before being sent to National Headquarters. Department contact information is located at www.legion.org/departments.

RECOMMENDATION/SIGNATURE OF NEF GRANT APPLICATION: Upon review by department, if additional information is needed the department will contact the applicant. If the application is properly completed the department officer will endorse the application, recommend an appropriate amount, and forward to the National Headquarters. After review and approval by the National Adjutant a check will be forwarded to the department to provide to the applicant.

If any of the above steps have not been taken, the application may be returned to the department headquarters for amendment or further clarification. Applications not approved will be returned with reasons for disapproval to department headquarters who will notify the applicant. In some cases a partial payment may be approved and additional funds granted (not to exceed $3,000 for members and $10,000 for posts) if complete documentation is later provided within 90 days of the disaster.

See additional instructions on Page 4.

NEF Form Revised March 2018
Additional Instructions:

1. This form provides for two applications in one set. Page two is for Individual (member) grant applications. Page three is for Post grant applications. Only one of the two forms is required to be completed; either for an American Legion or SAL member, or for an American Legion post.

2. Written post officer, service officer, or FEMA/local authority statements are valuable for both the member and post applications.

3. NEF is strictly for the basic needs of members immediately after a natural disaster, including shelter, utilities, food, clothing, and other expenses related to immediate health and safety. Receipts for food, fuel, clothing, shelter and other expenses dated more than 30 days after the disaster are not emergency related but may be considered with appropriate explanation and documentation. Mandatory evacuation orders to identified places of safety (such as school shelters or county/city storm shelters) are also not considered to be emergencies unless damage to home precludes safe return after the weather emergency.

4. NEF does not take the place of homeowners/rental insurance or auto insurance.

NEF will not pay for landscaping, insurance deductibles, loss of business, loss of inventory, internet services, insurance, taxes, transportation (except during evacuation and recovery), previous debt, or any expense that does not contribute to the immediate emergency needs of the applicant.

4. The following documents and attachments will speed the NEF application process:

- Receipts and other supporting documentation of emergency expenses immediately following the disaster.
- A description and documentation of damages sustained, especially if forced to find temporary shelter.
- Copy of mandatory evacuation order, if so ordered.
- All expenses and documents that you may wish to be considered.
- Post applications only--include a copy of the most recent Consolidated Post Report (CPR).

5. Ensure all sections of the application are complete and the appropriate signatures are obtained. By signing the application, you agree that The American Legion may use your information for promotional or media purposes related to the National Emergency Fund.

6. Applications must be sent to your department headquarters for approval. All applications sent directly to National Headquarters will be returned to the appropriate department without review or action. For contact information for your department headquarters, visit www.legion.org/departments.

Before sending a NEF application to your American Legion Department Headquarters, did you:

- Determine that you are current in membership on the date of disaster and on the date of the application?
- Complete all sections of the application and attach all required documents?
- Sign and date the request?
- Make a copy for your records in case of lost or destroyed applications?
- For post grant applications only—did you include your district/department officer’s written report and a copy of the post’s most recent Consolidated Post Report (CPR)?

To protect the privacy of applicants, National Headquarters will not release any information other than to the Department.

Other forms of assistance are available. For state, local, and federal assistance programs go to https://www.disasterassistance.gov/. If minor children in the household (ages 17 and younger) may be temporarily in need of food, clothing, and shelter, The American Legion Temporary Financial Assistance Program (TFA) may also be available to provide up to $1,500 in additional grants. For information about Temporary Financial Assistance, visit www.legion.org/tfa.
